To Whom it may Concern:

I want to thank Issa, Omar and the rest of the good people who helped us with our smoke damage and re-model. I have not had a more caring group of people to work with. They ALL were very helpful and caring. Everyone bent over backwards to make this the easiest problem we have delt with.

Omar and Issa, were especially caring in their concern for me and my pet's health during this trying time.

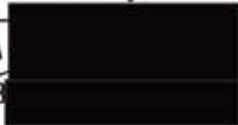

Todd and Toby did an excellent job of repainting the entire place, replacing the doors on the first level and the rest of the work the did. The rest of the crews were careful and thoughtful also.

The Hepa air scrubber was greatly appreciated and needed for both me and my pet's health.

Again I can not thank all of you enough for the care and concern you have all shown to me and my family. May the Creator Bless all of you as long as you walk this Earth.

Sincerely,

  
Lea A. B.
