To Whom It May Concern:

I have contracted with NuBilt Restoration & Construction for water remediation and restoration on many of the homeowner associations that I manage through Western States Property Services. NuBilt has always more than met my expectations and satisfaction with their quick response time, high quality of service and complete project management.

My involved homeowners and on site managers always report their satisfaction with NuBilt and their services inside of both common areas and homes.

I would highly recommend the services of NuBilt Restoration & Construction. Please don't hesitate to contact me for further referral information regarding NuBilt.
