"PROTECTING YOUR INVESTMENT"

October 2008

To Whom It May Concern:

For more than 12 years, NuBilt Restoration & Construction has assisted Colorado Property Management Group's homeowner associations in situations ranging from devastating floods to minor water evacuation and much more!

NuBilt President Issa Ashour and I started our respective companies in the same year. Issa's commitment to service, reliability and follow-up ensures that CPMG-managed associations will continue to utilize his company as a primary contractor.

The NuBilt team understands the equal importance of completing projects as well as communicating with the CPMG team during a project.

When NuBilt is on the job, CPMG managers are confident the work will be done in a business like manner. In addition, NuBilt's technicians are able to calm residents during all types of emergencies including fire, flooding and sewage backups.

Please contact me at 303-671-6402, ext. 16, as a reference for NuBilt Restoration & Construction.

Respectfully,

Lynda Reifman
CPMG President
