Dear Joe:

We would like to express our appreciation for the outstanding effort that you and your crews expended in repairing our hardwood floors. The workmanship of your employees and subcontractors was excellent, and the repairs exceeded our expectations.

Beyond the expertise of your team, the consideration shown by everyone at NuBilt helped make a stressful experience more manageable for us. Your personal involvement and attentiveness throughout greatly reduced our anxieties.

Thanks again – and please feel free to share our satisfaction with others.

Sincerely,

  
John W. [REDACTED]
